

THE
PRESENT.

By

Ha ha. Ha. The chat went on at Parkers 9th birthday as they played and told jokes

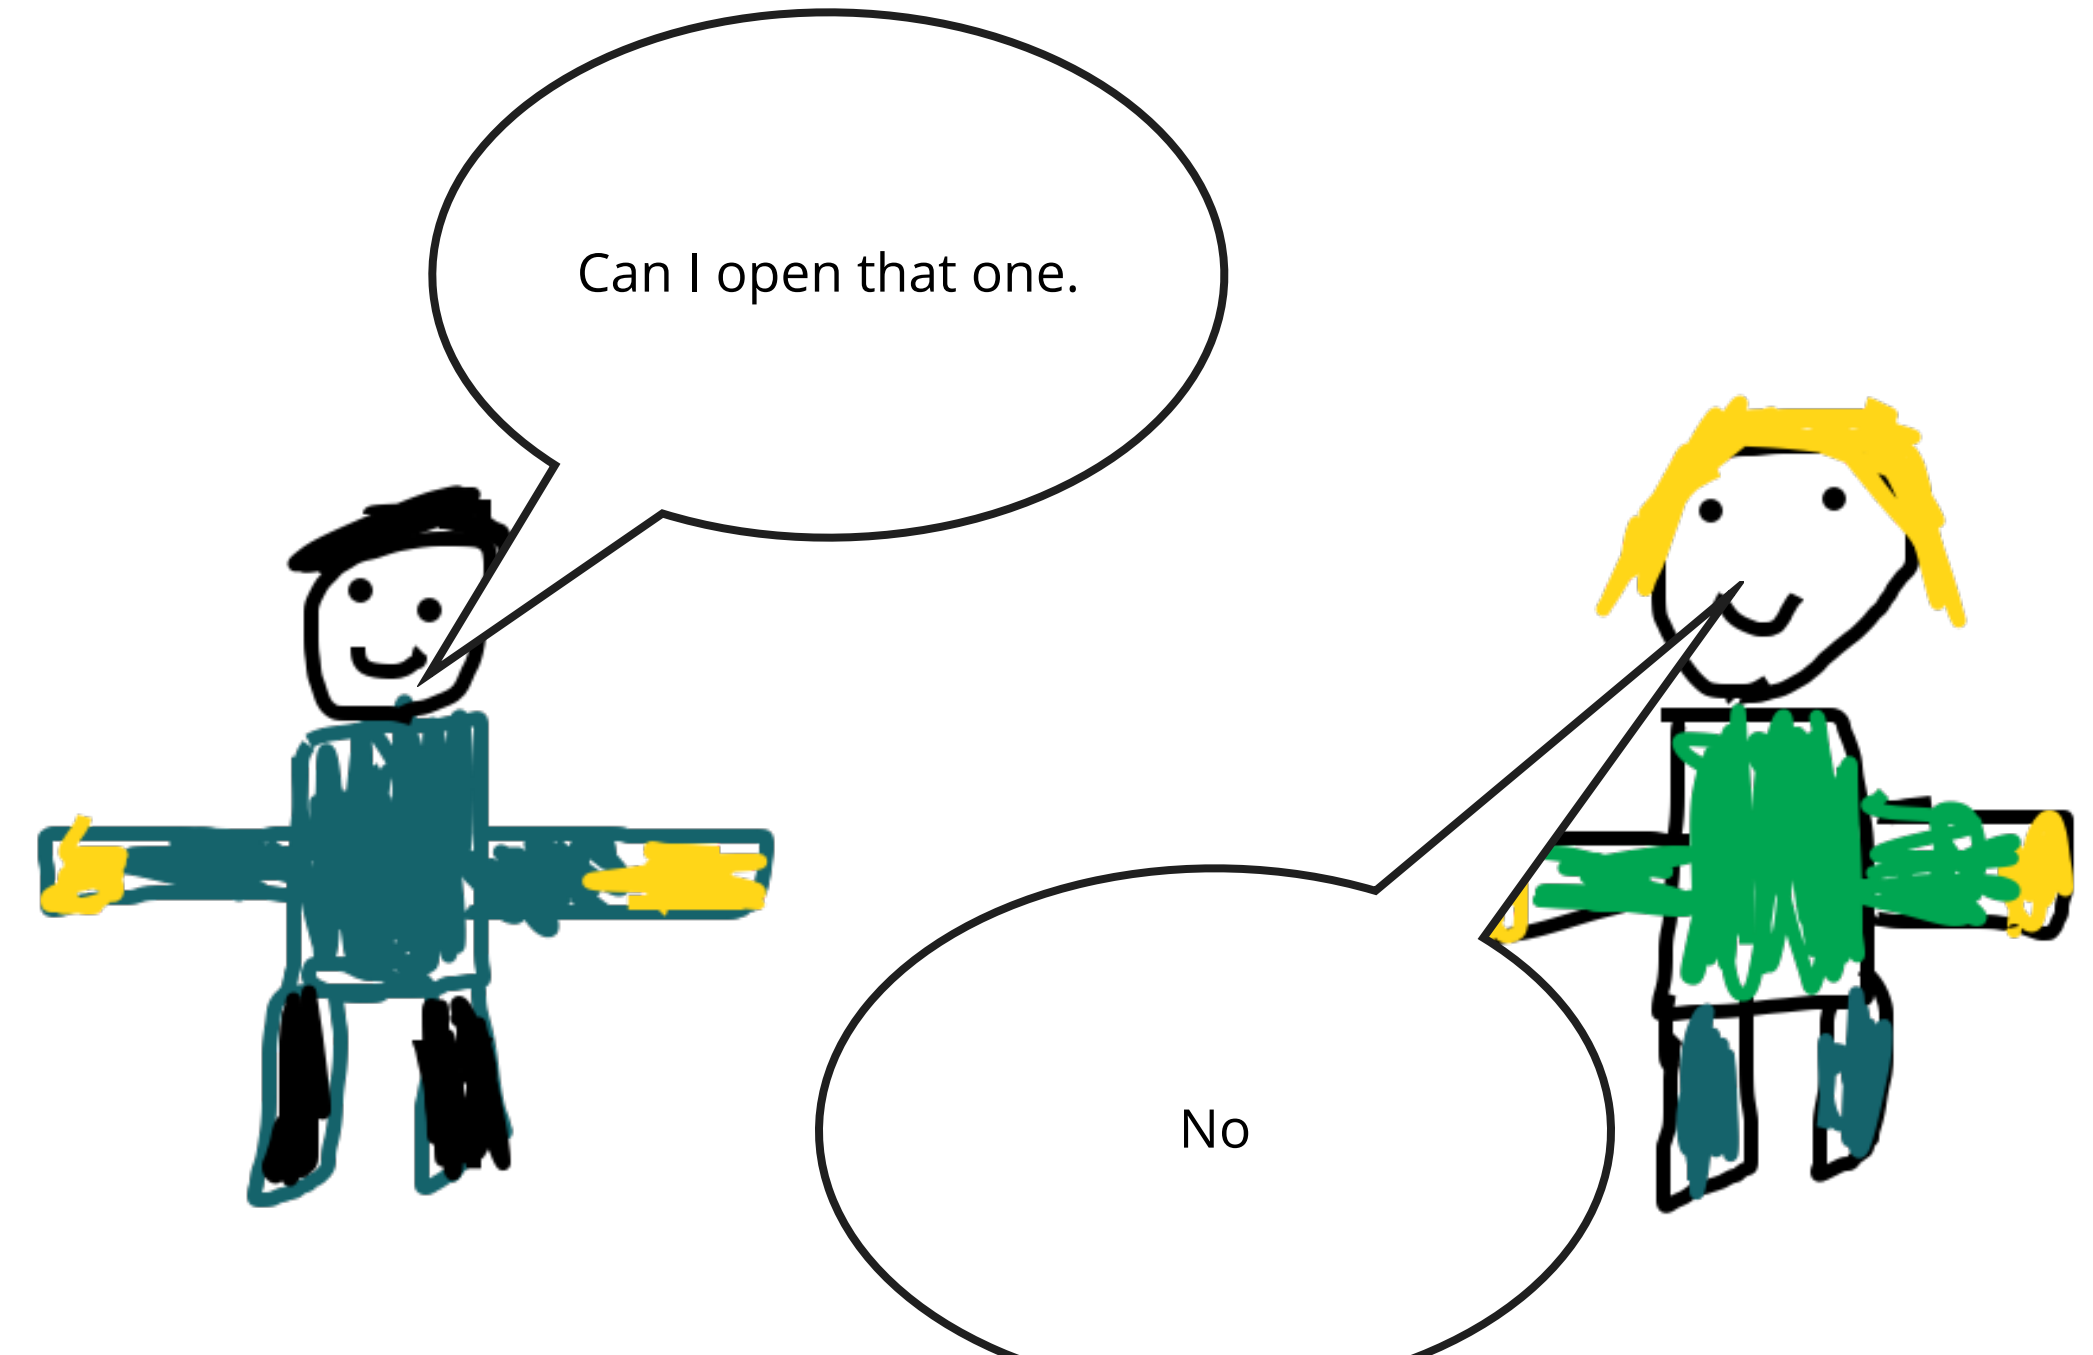

Parker opened the rapping paper in a flash but he wanted to open the one in red and blue paper.

SO AFTER HE OPENED IT HE SAID THANK YOU JACKSON BUT AS HE SAID IT HE HEARD OHHHS AND OOOOOS WHICH MADE HIM WANT TO OPEN THE ONE IN RED AND BLUE MORE.

When he asked his mom she sweetly said "no not right now." He was shocked he wanted to yell as loud as a fire truck siren.

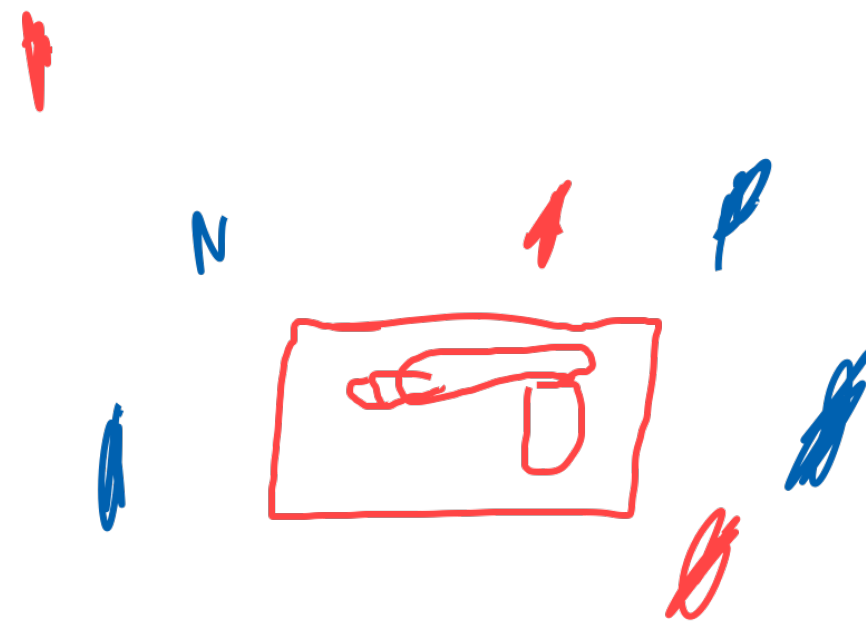

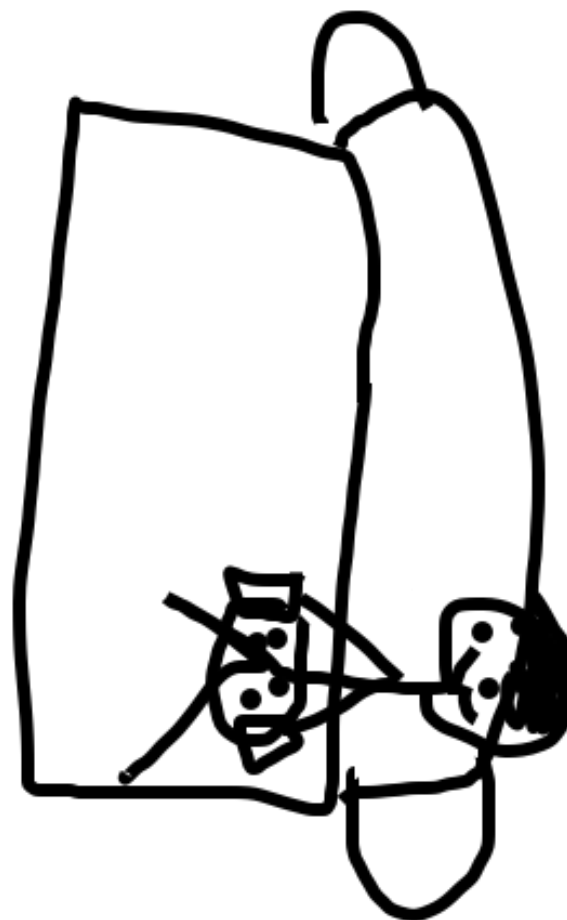

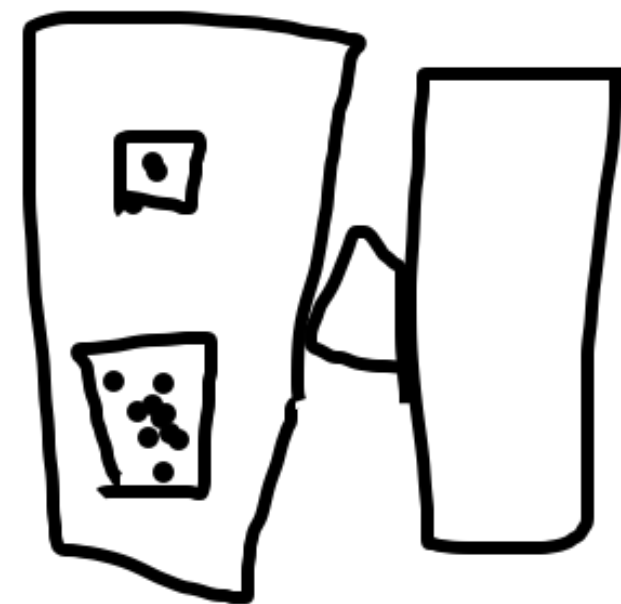

He tried to say in a harsh voice
"can I open it." But that made it
worse

His second plan was to say fine I'll go done stairs.
And he did that plan. "Fine I'll go done stairs he
moaned.

**HE PLAYED INTELL HIS FRIENDS
LEFT BUT AS THEY LEFT HE FELT
BAD FOR THE FRIENDS THAT
MONED BUT SOME OF HIS
FRIENDS STAYED FOR A
SLEEPOVER.**

The good thing is that he got to open the present in red and blue paper and it was a mega nerf. He opened the mega nerf and he shot his friends but he didn't get shot because it was his birthday his 2 best one.

Parker learned a important lesson
that you should never argue with a
parent because they know what's
best.
