

Dear Families,

Hi, my name is Courtney Foley and I will be the long-term teacher in your child's third grade classroom! I graduated from Grand Valley State University where I studied Integrated Sciences and Elementary Education. I spent the first half of the school year as a long-term teacher for a second grade classroom. Since then I have been substitute teaching in the Hudsonsonville School District as well as districts in the surrounding area. I have had many experiences with teaching children, which include small group instruction, whole class instruction, and tutoring for kindergarten through fifth grade.

I spend my summers leading outdoor education in Michigan State Parks. We learn about everything from spiders to rocks and every minute is wonderful! I also really enjoy giving piano lessons, and have been doing so for a few years. In my free time I love spending time with my family and friends. Some of my favorite things to do with them are bike riding, reading, and watching movies.

I am extremely passionate about teaching and learning, and I am looking forward to working with you and being a part of your child's education. I consider it a great privilege and responsibility to be working with Mrs. Hultink's third grade classroom and I am excited for what is to come!

Sincerely,

Courtney Foley
